PROFESSIONAL SUMMARY

Motivated Software Engineer with hands-on experience in the MERN Stack, React Native, and blockchain integration. Passionate about crafting responsive, user-focused applications and automating workflows. Proven track record of building real-time communication tools and corporate web solutions. Known for writing clean, maintainable code and collaborating effectively within agile development teams.

TECHNICAL SKILLS

- **Frontend:** React.js, React Native, HTML5, CSS3, JavaScript (ES6+), Tailwind CSS, Redux
- **Backend / APIs:** Node.js, Express.js, PHP, REST APIs, Firebase (Auth, Firestore), WebRTC, Socket.io
- **Database:** MongoDB, MySQL
- **Blockchain:** Solidity, Smart Contracts, Ethereum, Web3.js
- **Tools:** Git, GitHub, Android Studio, VS Code, Postman
- **Other:** Python, SpaCy (NLP), Figma (UI Prototyping)

EXPERIENCE

MERN Stack Developer Intern **Nov 2025 – Present**

DevGate

Islamabad

- **Nasir Absar & Co Website:** Designed and developed a comprehensive corporate website for a legal/audit firm. Utilized React.js for a responsive frontend and Node.js/Express for backend services, ensuring high performance and SEO optimization.
- **DaftarPro (SaaS Platform):** Designed and improved LLM-driven automation features, integrating AI components into existing backend services. Implemented prompt engineering, guardrails, and bug fixes to increase output accuracy, system stability, and scalability in a live SaaS environment.
- **SMEDA (Enterprise Application):** Engineered and improved backend functionalities, resolving production issues, optimizing data workflows, and supporting scalable system operations for a government-level platform.
- **WebRTC Video Calling App:** Engineered a real-time video communication platform featuring peer-to-peer video/audio calling. Integrated **WebRTC** for media streams and **Socket.io** for signalling and real-time chat functionality, significantly reducing latency.
- Collaborated with the backend team to design scalable database schemas in **MongoDB** and implement secure authentication flows.

Frontend / Mobile Developer (Intern) **Jun 2024 – Aug 2024**

Centangle Interactive *Remote*

- Developed and optimized mobile and web components using React Native and React.js.
- Implemented responsive UI elements and reusable components to improve app scalability and maintainability.
- Collaborated with cross-functional teams to enhance product performance and user experience.

Freelance Software Developer **Jan 2023 – Present**
Self-Employed *Islamabad*

- **Clean Flow POS (Current):** Developing a standalone, offline desktop POS system for service businesses. Features include double-entry bookkeeping, customer/job management, and automated financial reporting, optimized for environments with limited internet connectivity.
- Delivered multiple client projects including mobile apps, automation tools, and blockchain demos.
- Created a School Management App using React and Firebase for real-time data handling.
- Developed a Blockchain Certificate Verifier using Solidity and React to ensure document authenticity.
- Built Python-based data parsing and requirement extraction tools to streamline client workflows.

PROJECTS

URAME-SDLC Automation Platform **2024** Developed an NLP-powered platform that converts natural language case studies into structured software requirements using **SpaCy** and **Python**. Streamlined the initial phase of the SDLC by automating requirement extraction.

Blockchain-Based Flappy Bird Game **2024** Integrated cryptocurrency mechanics into a React-based game, enabling token-based scoring and blockchain reward logic using Ethereum smart contracts.

Wedding Planning App **2023** Built a comprehensive React Native app for managing event timelines, guest lists, and budgeting, featuring a user-friendly mobile interface.

EDUCATION

BS Software Engineering **2020 – 2024**
Capital University of Science and Technology (CUST) *Dean's Honor Award*

Intermediate (Pre-Engineering) **2018 – 2020**
OPF Boys College, Islamabad

Matriculation **2018**
Siddeeq Public School, Islamabad
